

2/2 way compact flange ball valve

- Manually operated
- Low torques
- Long service life
- Maintenance friendly
- High flow rate

Product variants described in the data sheet may differ from the product presentation and description.

Type description

The 2/2 way compact flange ball valve in stainless steel is used to shut off medium flows.

Nominal diameter DN 15...150.

1. General technical data

Product properties

Dimensions Further information can be found in chapter "4. Dimensions" on page 5.

Material

Seal PTFE
 Housing Steel 1.0619
 Stainless steel 1.4408
 Ball Stainless steel 1.4401
 Further information on materials can be found in chapter "3. Materials" on page 3.

Performance data

Temperature range - 10 °C...+ 200 °C
 Further information can be found in chapter "5.2. Pressure temperature diagram" on page 6.
 Pressure range Technical vacuum (10...3 Torr)...40 bar¹⁾
 PN 40: DN 15...50 mm
 PN 16: DN 65...150 mm
 Other pressure ranges on request

Process/Port connection and communication

Nominal diameter DN 15...150
 Actuator-side interface According to EN ISO 5211

1.) Pressure values: overpressure to atmospheric pressure

2. Approvals and conformities

2.1. General notes

- The approvals and conformities listed below must be stated when making enquiries. This is the only way to ensure that the product complies with all required specifications.
- Not all available variants can be supplied with the below mentioned approvals or conformities.

2.2. Conformity

In accordance with the Declaration of Conformity, the product is compliant with the EU Directives.

2.3. Standards

The applied standards which are used to demonstrate compliance with the EU Directives are listed in the EU-Type Examination Certificate and/or the EU Declaration of Conformity.

3. Materials

3.1. Bürkert resistApp

Bürkert resistApp – Chemical resistance chart

You want to ensure the reliability and durability of the materials in your individual application case? Verify your combination of media and materials on our website or in our resistApp.
