When it comes to dealing with liquids and gases, Bürkert has become a sought-after partner all over the world. Why? Probably because we have been learning for and from our customers for more than 70 years now. This enables us to always think that crucial step ahead and around the bend.

WE learn FROM YOU EVERY DAY – AND THINK OUTSIDE THE BOX.

We make ideas flow.

MKR Metzger GmbH
Reliable process technology for intelligent evaporators

For your added value. Let us prove it to you – we look forward to your challenge.

How you benefit from Bürkert solutions for process media treatment:

- **Reliable operation:** Robust components designed for long operating times.
- **Simple operation:** Intelligent networked components eliminate the need for manual intervention after start-up.
- **Resource-saving fluid control loop:** Thanks to exact sensors and flowmeters.
- **Everything from a single source:** The complete range of measurement and control technology eliminates interface problems.
- **Short implementation times:** Close cooperation during development saves time.

**Did you know?**

The components of the evaporator system are attuned that up to 95% of the disposal costs are saved depending on the application.
